# ZLATY KAHAN CUP 2024 U19

Dear football fans and, of course, all the football players participating in the 44th annual "Golden Kahan" tournament, I would like to extend my warmest greetings to all of you.

I was pleasantly surprised when, as a former player and coach of our club, I was offered the opportunity to become the patron of this prestigious tournament. It is an honor to be a part of an event that provides our young players with the opportunity to showcase their football skills against players from clubs from other countries. Tournaments in this age category are of high quality, as players are at an age where they should already be at a high level of fitness, technical-tactical skills, and overall ability. All that remains is for them to gain experience from more challenging matches, and tournaments like this serve precisely that purpose.

As the recent European Football Championship in Germany has shown, it is not necessary to have "a certain age" to reach the highest level, which is the national team. It depends solely and only on the player himself, on how much he is willing to do to be better than the others. Those of us who have been involved in football all our lives know that it is a lot of hard work and sacrifice, but the result is worth it. When I had the opportunity to play for the national team against players like Zidane, Cantona, Thuram, Jonk, Kluivert, or F. de Boer, those are moments you never forget in your life.

I would like to wish all the participants of the tournament the best of luck, and to our boys, that they build on their victory from last year and show that they are the ones the club can build on and that they are the ones who will bring joy to their amazing and unique fans on the league pitches in the future.

## WU18

Hello all football enthusiasts,

it is my great honor to be the patroness of the first annual international tournament of the Zlatý Kahan for girls. I am very happy that this traditional football celebration has been extended to the girls' section of the club and I hope that this tradition will continue to be an equal partner of the boys' tournament. International comparison is a great benefit for every player, both in terms of their football and life progress. I would like to wish the players a lot of fun from the game, many beautiful goals and I firmly believe that they will also win. I hope that the whole tournament will take place without injuries, with a lot of beautiful football experiences for both players and all fans, and in the spirit of fair play.

I have always been a fan of Baník and it would never have occurred to me that one day I would be able to wear their jersey, be a part of the club both as a player, captain of the women's team and coach of WU18. It has the best fans who have supported all categories to the maximum since the beginning of the women's team. They made and still make a great atmosphere in both successful and less successful matches.

I wish everyone a successful tournament and I look forward to seeing you. Football is a beautiful game and you can't help but love it.

# ZLATÝ CUP KAHAN 2024

Dear football friends, dear athletes, fans and parents,

Welcome to the 44th year of Zlatý Kahan tournament. I greet you all at this prestigious tournament, which this year for the first time in history also welcomes girls' categories.

I am glad that the Zlatý Kahan has become another of our major tournaments in which girls can also compete. Girls, just like boys, need to have as many opportunities as possible to play against opponents from abroad and compare their strengths in international competition. Only then will they really find out what top football is all about and what they still need to improve on if they want to reach this level as well.

Let me mention a few interesting figures. This year, the teams will play in 5 football stadiums in the Moravian-Silesian Region. The tournament will be attended over 200 players from a total of 6 European countries. Within 5 playing days we can look forward to 17 football matches.

I think this year is really exceptional and I am convinced that we can look forward to exciting matches full of emotions and beautiful football moments. Whoever wins, I believe that everyone will take away unforgettable experiences and new friendships from the tournament.

Member of the Presidium of the Academy FC Baník Ostrava  
Manager of women's and girls' football*

Zlatý Kahan is a traditional international tournament for older youth, whose history dates back to 1981, when it was founded on Miners' Day.

In the past, renowned clubs not only from the Czech Republic, but also from Slovakia, Poland, England, Italy, France and Germany competed at Zlatý Kahan.
